

NOTICE OF CONSTRUCTION

DOUGHERTY ROAD CONNECTION

Planned construction period: now through August 2016

The Developer, Toll Brothers is currently working on the new Dougherty Road connection located south of Bollinger Canyon Road. This approximate 1.5 mile stretch of roadway that will connect Bollinger Canyon Road from the Plaza at Gale Ranch to Rancho San Ramon Community Park, will be open to the public on August 12th. The roadway improvements include two new bridge structures that will become part of the City's roadway system.

The scheduled opening of the roadway will coincide with the start of the school year and the August 15th opening of the new Bella Vista Elementary School located across the roadway from Rancho San Ramon Community Park.

On August 29th, existing Old Dougherty Road that currently connects Bollinger Canyon Road to Stoneleaf Road/Ivyleaf Springs Road will be closed permanently to vehicular traffic and replaced with a bicycle and pedestrian trail that will connect Stoneleaf Road/Ivyleaf Springs Road to the future Dougherty Valley Village Center/Bollinger Canyon Road. Replacing existing Dougherty Road with this trail after the new Dougherty Road connection is open is a Condition of Approval of the Dougherty Valley development and in conformance with the Dougherty Valley Specific Plan. The bicycle and pedestrian trail is anticipated to be open for public use in early 2017 after the completion of required trail improvements.
